President's Message

By Mary Yahalom

Dear Members:

I am sorry that I was not able to be at our last meeting. I am sorry that you were not able to see the video on the "Granite Lady", the San Francisco Mint. The good news is that the TV/VCR has been repaired so we may be watching the video in June. However, I am not completely sure, since we may have a speaker. Tom is checking with someone about speaking but I have not heard that it is a done deal as I am writing this to you.

There are some exciting items coming up in the summer & fall:

(1) **Nominations & Elections of Officers:** We always need new blood as officers & members of the Board. If you are interested in serving in this capacity, please see me. A nominating committee will be appointed next month at the Board meeting. The Board meeting will start at 6:00 pm before the June meeting at the Montrose Café.

(2) **Summer BBQ:** We need to firm up the location & date. If there is a great park near you or near the meeting place where we can reserve a BBQ & picnic area please check into it & bring the details to the meeting in June!

Meeting Place: 2350 Honolulu Ave.

Glendale (near Montrose)

Date/Time: 2nd Friday of every month

7:30 p.m.

Mailing address: PO Box 6317,
Lancaster, CA 93539-6317

Newsletter Editor: Denise Ballard

(3) **Coin Show:** We need lots of volunteers to help the Club with the coin show. I am thinking that having a Boy Scout merit badge workshop might be fun & bring in lots of YN's to the show & to the Club.

REMEMBER—*Invite your numismatic friends*

to the next meeting. WE LOVE VISITORS!

See you all very soon! **Mary**

Program from May

Mark Watson stepped up to the plate and spoke on the dollar bill.

Paper money is printed at the Bureau of Engraving and Printing in Washington D.C..

They are printed in sheets of 32. It is a 3 step process. The back is printed first and the face (front of the bill) is printed second.

The third step is when they are numbered. The serial number consists of a letter, 8 numbers and another letter.

Error notes (as with coins) are popular.

If a sheet has errors it is destroyed and replaced with a sheet containing an asterisk instead of the last letter.

Bills generally last 18 months.

When there is a new Treasurer the series (year it was made) contains an 'A'.

There are 12 Federal Reserve Banks noted with the letters A – L.

MORE WAYS TO CUSTOMIZE THIS TEMPLATE

FOOTERS

To change the text at the very bottom of each page of your newsletter, click Headers and Footers on the View menu. Use the Header and Footer toolbar to open the footer, and replace the sample text with your own text.

INSERT SYMBOL

It is a good idea to place a small symbol at the end of each article to let the reader know that the article is finished and will not continue onto another page. Position your cursor at the end of the article, click Symbol on the Insert menu, choose the symbol you want, and then click Insert.

BORDERS

You can use page borders and text box borders to change the appearance of your newsletter. Borders on text boxes help keep different articles separate, and can set off sidebar articles from the rest of the page. To change a text box border, select it, double click its edge and choose the Colors and Lines tab in the Format Auto Shape dialog box.

Inserting and Editing Pictures

Type your sub-heading here

You can replace the pictures in this template with your company's art. Select the picture you want to replace, point to Picture in the Insert menu, and click From File. Choose a new picture and then click Insert. Select the Link to File box if you don't want to embed the art in the newsletter. This is a good idea if you need to minimize your file size; embedding a picture adds significantly to the size of the file.

QUESTIONS AND ANSWERS

Q: I would like to change some of the text box shading to improve the print quality. Can that be done?

A: Yes. To change the shading or color of a text box, select it and double click its borders to open the Format Text Box dialog box. Click the colors and lines tab and then choose the new color from the Color drop-down list in the Fill section.

Q: What's the best way to print this newsletter?

A: Print page 2 on the back of page 1. Fold in half and mail with or without an envelope. For best results, use a medium to heavyweight paper. If you're mailing without an envelope, seal with a label.

Q: I would like to use my own clip art. How do I change the art without changing the design?

A: To change a picture, click on the picture, then point to Picture on the Insert menu and click From File. Choose a new picture, and click Insert.

Q: How do I change the text and borders that appear at the bottom of every page?

A: Click Headers and Footers on the View menu. Use the Header and Footer toolbar to navigate among headers and footers, insert date or time, or format the page numbers. To change the text in the footer, select it and type your new text. To change the border, click Borders and Shading on the Format menu.

Q: Can I save a customized newsletter as a template for future editions?

A: Yes. First make any changes you want to this newsletter, then click Save As on the File menu. Choose Document Template from the Save as type drop down list (the extension should change from .doc to .dot). Save the file under a new name. Next time you want to create a newsletter, choose New from the File menu, then choose your template.
